RE: Meeting with Herb Finch, Tom Reiers, Gord and Al Ingve

On 5/4/71 Chris Charches, WGP, and GRM met with the above relative to the present status of Reilly's offer to sell its property to the City. The following action is to be taken.

1. Chris is to begin to contact appraisers to determine an appraised market value for the property.

2. Chris would like the benefit of Rolfe's thoughts in this selection process.

3. After an appraisal is obtained, Chris will be able to present that figure to the council and a decision will be made at that point as to whether or not we are within an acceptable range as far as Republic Creosote's proposed offer and price is concerned.
